

Hosted PBX

NO HIDDEN COSTS

FLAT RATE PER PHONE/PER MONTH

PLACE PHONE(S) ANYWHERE WITH AN INTERNET CONNECTION TO WORK SEAMLESSLY WITHIN YOUR BUSINESS

Hosted PBX is truly the last phone system you'll ever need. It delivers best-in-class capabilities that are affordable for all. Hosted PBX keeps your up-front investment to a minimum, as you are not purchasing an expensive on-site phone system.

It's completely scalable, meaning Hosted PBX grows with you as you grow your business. And since it's cloud-based, new capabilities are continually added and improved upon.

Hosted PBX delivers a slew of features to make your business more productive.

BENEFITS

- Reduced Total Cost of Ownership versus Premises-based systems
- Popular features such as simultaneous ring, auto attendant and hunt groups
- Web interface enables you to change features at a click of a mouse
- Network-based service means Hosted PBX offers superior business continuity benefits
- Desktop soft phone provides a full unified communications experience

PLAN FOR THE UNEXPECTED

A failed communications infrastructure can cost your business in lost sales opportunities and reduced employee productivity. Having a strategy to prepare against the unexpected is critical.

Hosted PBX can greatly add to your Business Continuity planning. Since calls are processed from our network, not on your site, business can continue even if your facility is down.
