

WE'RE LOOKING FOR

Rock Stars & Superstars

We are seeking unique individuals with cross-disciplinary knowledge in telecom, engineering, software, education, and/or customer management.

WHO WE ARE LOOKING FOR:

- › You are smart yet always striving to learn something new
- › You are dedicated to getting to job done
- › You are committed to continuous improvement
- › You are excited to be a great teammate yet a self-starter who takes initiative on tasks
- › You have a flexible mindset
- › You want to understand the the whole business context, not just your role
- › You exercise good judgement about when you need to escalate an issue or call in a teammate

WHAT WE BRING TO THE TABLE:

- › We give you the opportunity to learn as much of the business as you can
- › We know that an employee is at their best when they are able to take care of themselves
- › We reward when employees meet goals that move the company forward
- › We are committed to our own growth and continuous improvement
- › We offer competitive compensation

MOST IMPORTANT SKILLS FOR THESE POSITIONS:

- › Ability to manage customers and lead meetings in a way that meets customer needs and enhances our company's reputation
- › Utilize organizational systems to monitor and provide accountability for tasks
- › Excellent technical writing, editing, and research skills
- › Work with subject-matter experts to understand and document projects and processes
- › Prioritize tasks based on feedback from the team and your own understanding of projects

TO APPLY:
